

Falcon Yacht

The modern 43m Falcon is our flagship. A tasteful and extravagant luxury yacht with 16 guest cabins accommodating up to 30 people. Each cabin is stylish, bright and spacious and has a double bed or twin beds with generous upholstery. The cabins offer neat storage space and reading lamps for nightly reading, air conditioning and an en-suite bathroom. On the main deck is the huge dining room with refrigeration units. From there you access the kite & dive deck, where modern sports equipment awaits. On the upper deck are another 7 sea-view rooms and the comfortable outdoor lounge area with inviting sofas and beanbags. Just the place for some relaxation and recuperation after a big day. Upstairs are another 2 rooms and a relaxation area that we use for massages and the cosy view. At the very top is the large sun deck with deck chairs.

Kite Boat plans

Our boats have several decks and offer more than enough space to relax and chill out. The areas are spacious and there are plenty of sunbathing areas to retreat to.

SPECIFICATION & AMP; FURTHER INFO

Discover all the information about our **kite safari yacht** and our **legendary kite boat** .
FALCON built in the year 2021

We bring many crew members who will make your kite trip an experience and provide you with all-round culinary support and accompany your kite trips on the Egyptian sandbanks. We can run the best kite courses for beginners as well as professional kite courses and kite coaching and offer a top service around kitesurfing. With plenty of capacity at a **length and width of 43m/9.5m** but alternative and relaxation programmes such as yoga, diving, snorkelling or sunbathing are not neglected either. It is not unusual to see dolphins and other wonderful animals of the sea or even to swim with them.
